Josh,

*I know I mentioned this to you at church, but you were pretty busy yesterday. Your children were wonderful on Sunday. Their singing had a beautiful tone that I haven't heard in a church children's choir in quite some time. Soooooo lovely! Please tell them how much they were appreciated.*

*I did children's choirs for about 45 years, one place and another, and it was such a joy to hear the tone I tried to teach, plus the general decorum and dignity they showed. Your soloist was exceptional . . . and a joy to listen to.*

*Of course, you just can't miss with a Helen Kemp anthem. My father was an older student, but he and Helen graduated from Westminster in the same class in 1941. I've know her most of my life . . . a lovely lady. Thanks for the memories.*

*Sincerely,  
Carol Smith*
