Hi Josh,

I thought that now that we are both home again, I would let you know how much I enjoyed your recent concert at UCC. I really liked the thematic aspect of using all music that was based on an existing tune; I'll have to remember that as a programming tool. I especially love the Pachelbel - and most of his other variations - but I don't know that I'd ever heard it in concert before. Your playing was very energized and exciting. I wish you much success as you continue on your career path.

Take care.
Elaine
