Subject: linsipring and thrilling concert

Josh, I attended the concert yesterday, April 1, and was impressed by your intelligence, skill, and musical interpretations and presentation. The Grand Strand and in particular CFUMC are truly lucky to have a musician of your stature in this community. A standing ovation for your performance was not sufficient - there should have been bravos and at least two curtain calls. Thank you for a moving experience. I had another commitment and could not attend the reception - just wanted to give my kudos to you. John Fulmer (Carolina Master Chorale member).
